7440-48-4	Cobalt	.45 - .55
7440-50-8	Copper	BAL.

Enclosed are Material Safety Data Sheet (MSDS) for Semco's Beryllium Copper Plunger Tips. We have reviewed these sheets, and there are no significant changes.

We are sending this updated version to meet both OSHA's compliance regulation on the new standard (29 CFR 1910.1200-48 Federal Register 53280) and to fulfill Semco's commitment to provide accurate and adequate health and safety information on the products we produce.

If we can be of any further assistance, please let us know.

Very Truly Yours,

Brett Tennar  
 Environmental Director
